

Dear Spark Park,

The Spark park has been an amazing addition to our school because the track is better than the old track and we have an atrium so whenever you get done running or jogging you can sit in the atrium and cool off.

One of my favorite things about the Spark park is the track because we have a double sided track and a lot of room in the middle to run around and do a lot of flips and tricks. and we can always go to the Spark park after school.

I am thankful for the Spark park because we have a brand new detailed track and atrium that we can always come to on weekends or on school hours.

Sincerely,
Kenadei Coleman
